#### Cimarron Municipal Schools

#### Interscholastic Participation Form

Note to parents of students participating in Athletics at Cimarron Municipal Schools.

<u>Cimarron Schools</u> strive to provide the best possible athletic programs for its students. It wants athletic participation to be a valuable educational experience at all levels. You are requested to read the following carefully and thoroughly, discuss its contents with your child and present it to your family physician for his/her approval. This form is to be fully completed and filed at school **BEFORE** your child will be allowed to practice and/or compete. This form should be completed only for those who are planning to participate in interscholastic athletics at any level. We require this physical examination to insure that your child is physically able to participate in athletics and in the event an accident should occur, we may notify you in a relatively short period of time.

- 1 PARENTAL CONSENT: We want to be sure you consent to your child's participation in interscholastic athletics; therefore, it is necessary that you and your child carefully read and understand the contents of this exam along with the expectations of the sport.
- MEDICAL HISTORY AND EXAMINATION: The questionnaire provides a means for the physician to make reference to previous injury, illness or congenital disorder and also to provide the best possible physical exam for the student athlete.
- MEDICAL AUTHORIZATION: This section provides information to the school for quick reference regarding the notification of the parents in an emergency situation. Also, it authorizes medical attention in the event the parents cannot be reached.
- INSURANCE: The financial responsibility for securing care of athletic injuries is a matter between the parent/guardian and physician or dentist of parent's/guardian's selection. It is because of this that Cimarron Municipal Schools must have on file the insurance your family has to cover your child in case of an accident. Cimarron Municipal Schools offers a Student Accident Insurance through a Student Accident Insurance Company. This policy is a 24 hour coverage. You may wish to enroll in this through the school. This is strictly on a voluntary basis and is not required if you have sufficient coverage through your own family medical plan. We must have either a form asking for our own school policy of the name of the company through which you are insured.
- 5 <u>ELIGIBILITY</u>: Rules governing eligibility are determined by <u>Cimarron Municipal Schools</u> and the NMAA.

# NMAA New Mexico Activities Association CONCUSSION IN SPORTS

## **A Fact Sheet for Athletes and Parents**

#### WHAT IS A CONCUSSION?

A concussion is an injury that changes how the cells in the brain normally work. A concussion is caused by a blow to the head or body that causes the brain to move rapidly inside the skull. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious. Concussions can also result from a fall or from players colliding with each other or with obstacles, such as a goalpost.

## WHAT ARE THE SIGNS AND SYMPTOMS OF A CONCUSSION?

#### Observed by the Athlete

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light
- Bothered by noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion
- Does not "feel right"

#### Observed by the Parent / Guardian

- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows behavior or personality changes
- Can't recall events after hit or fall
- Appears dazed or stunned

## WHAT TO DO IF SIGNS/SYMPTOMS OF A CONCUSSION ARE PRESENT

#### **Athlete**

- TELL YOUR COACH IMMEDIATELY!
- Inform Parents
- Seek Medical Attention
- Give Yourself Time to Recover

#### Parent / Guardian

- Seek Medical Attention
- Keep Your Child Out of Play
- Discuss Plan to Return with the Coach

#### It's better to miss one game than the whole season.

Give yourself time to get better. If you have had a concussion, your brain needs time to heal. While your brain is still healing, you are much more likely to have a second concussion. Second or later concussions can cause damage to your brain. It is important to rest until you get approval from a doctor or health care professional to return to play.

## **RETURN TO PLAY GUIDELINES UNDER THE SB1**

- 1. Remove immediately from activity when signs/symptoms are present.
- 2. Must not return to full activity prior to a minimum of one week..
- 3. Release from medical professional required for return.
- 4. Follow school district's return to play guidelines.
- 5. Coaches continue to monitor for signs/symptoms once athletes return to activity.

Students need cognitive rest from the classroom, texting, cell phones, etc.
